

**Color:** Coffee Brown  
**Sizes:** 33-46  
**Validity:** 36 months  
**Internal shoe length:**  
 270 mm  
**Heel counter height:**  
 115 mm  
**Weight per shoe:**  
 0.502 kg

# BVL

## 4018BVLN4600LL

### REDUCED: 40140621

**CA: 25684 LINE: ELECTRICIAN**

Protective nubuck lace-up ankle boot, with velcro closure, non-woven vamp lining, and quarter lining made of high-absorbent fabric. No metal components, non-woven midsole and EVA insole. Molded plastic toecap. Double-layer dual-density polyurethane (PU) sole, injected directly into the upper. Footwear that provides comfort.

#### TECHNOLOGIES:

Lining that guarantees sweat absorption and evaporation to the feet.

#### UPPER:

Made of 17/19-line nubuck leather with penetrating tinting, non-woven vamp lining, and quarter lining made of high sweat-absorbent and breathable fabric.

#### TOE CAP:

Polypropylene toe cap.

#### SOLE:

Double-layer dual-density PU sole, injected directly into the upper, a softer midsole provides more comfort with higher density and excellent resistance to abrasion and wear.

#### INSOLE:

Strobel-stitched non-woven midsole. Insole made of 4mmmm soft EVA with excellent memory for feet comfort.

#### APPLICATIONS:

#### PACKAGING:

##### Multiple Grid

Three pairs: 33,34,35,36,37,44,45,46

Six pairs: 38,39,40,41,42,43

##### Bulk Boxes (Height x Width x Length)

Three-pair box: 34 x 32 x 45 cm

Six-pair box: 54 x 33 x 44 cm

#### TECHNICAL REPORT:

**OB** - Occupational footwear, basic requirements met

**E** - Energy absorption in the heel region

**WRU** - Water resistant upper

**FO** - Fuel/Oil resistant sole

**SRC** - Slip-resistant on ceramic tile saturated with sodium lauryl sulfate (soap), and on steel plate saturated with glycerin oil

**Note: All measurements are based on 40-size shoes, which may vary from other sizes.**
