BEL

2020BELS4600LL

REDUCED: 33010001

CA: 26467 LINE: BASIC

Occupational ankle boot made of textured relax leather, with concealed side elastic, padded counter, non-woven vamp lining and quarter lining made of high sweat-absorbent fabric, molded plastic toecap, no metal components, non-woven midsole, 3mm EVA insole, and direct-injection single-density polyurethane (PU) sole.

TECHNOLOGIES:

DryComfort

Lining that guarantees sweat absorption and evaporation to the feet.

UPPER:

Made 17/19-line textured relax leather, non-woven vamp lining and quarter lining made of high sweat-absorbent and breathable fabric.

TOE CAP:

Polypropylene toe cap.

SOLE:

Single-layer single-density PU sole, injected directly into the upper, provides excellent comfort and resistance to abrasion and wear.

INSOLE:

Strobel-stitched non-woven midsole.
Insole made of 4mm soft EVA with excellent memory for feet comfort.

APPLICATIONS:

Administrative

Agricultural

Chemical

PACKAGING:

Multiple Grid

Four pairs: 33,34,35,36,37,44,45,46

Ten pairs: 38,39,40,41,42,43

Bulk Boxes (Height x Width x Length)

Four-pair box: 24 x 35 x 48 cm

Ten-pair box: 54 x 33 x 44 cm

TECHNICAL REPORT:

OB - Occupational footwear, basic requirements met.
